## INTRODUCTION

Allow me to introduce myself! My name is Andrea Jakubowski; I was born in 1971 and raised in Cape Town, Italian father and South African mom.

As a child we lived next door to one of Table views first crèches which was a home crèche “Sues Daycare Centre” and I spent most of my time and free minutes playing with the children, I had an amazing love for children from a young age.

I attended Milnerton Primary school followed by Milnerton High. In 1987, I attended Cape Technical College and did my N3 Educare and completed a First Aid Course.

In December 1989 I left for Italy for one year and worked as an au pair.

In 1990 at the age of 19, I started a daycare centre from my parent’s house in Blouberg with 15 children. It went very well, some of my children still visit me today and they are 30 years old.

I met my husband that same year and we got married in 1996, my daughter was born in 1997 and 3 years later in 2000 her sister followed, since the birth of my children my life has been completely fulfilled.

They are my LITTLE ANGELS and have brought so much joy into my life.

**“My goal is to provide a home environment where parents won’t have to worry about whose taking care of their child. This is because at LIL ANGELS I only take a small group of children allowing me to concentrate on giving each child an affectionate, comfortable, clean and happy environment to grow in while Mom or Dad is at work”**

I regard my daycare as an excellent opportunity to provide your child with a loving, secure environment in order to enable them to interact with peers of a similar age.

I have 33 years' experience working with children and believe each and every one of them is unique and capable of developing their full potential if given the opportunity.

Most importantly, I am mother and grandmother of two wonderful and special daughters who have enabled me to gain plenty of experience and enjoyment in raising secure happy children. I enjoy working with children and regard this as a special gift which I have been given.

My group is small which will afford your child individual care and guidance.

Please feel free to contact me if you are in any way concerned about any issue regarding your child or myself.

A child who has the opportunity to develop mentally, physically and socially, is a happy child.

Experts have determined that a baby's learning process begins as early as birth. Many parents pay daycare centers to attend to their children while they work. Many children spend a minimum of eight hours a day in the care of others and play most of the time. I have created an innovative daycare that will utilize those eight hours to start children learning process.

My aim at LIL ANGELS is to provide a warm, caring environment in which your child will be happy, secure and feel good about him/herself, where they can develop self-confidence and explore and learn about their world, where they can accept challenges and develop new skills without fear or failure, and where through everyday experiences and play, learn to cope with the challenges that life presents.

### **PARENTS PARTICIPATION**

Parents are welcome at the centre at all times. I value parent's participation and involvement on a variety of levels. I look forward to having you involved in your child's centre. I encourage parents to speak to me about their child's/children's progress, or about any other concerns they may have. I believe that a lot of honest communication makes us all more comfortable and helps strong relationships to build, based on trust and co-operation. To underline the importance of this, I have implemented a "Keep in Touch" book for each child. The book will be completed on a regular basis in order to convey observation, or any significant happenings in your child's stay – please do not hesitate to write in these books and pass on any comments you wish to make.

### **MY PHILOSOPHY**

Each child is uniquely individual and deserving of an environment that promotes the growth of the whole child, physically, socially and intellectually. Conducive to the growth is an environment that is safe, warm,

Lil Angels Daycare and Aftercare Centre

loving, challenging and stimulating. These conditions encourage independence, respect for self and others, self-esteem self-worth, co-operation, problem solving, individual choice and motivation to interact with the environment.

Parents, being an integral part of a child’s life, need to provide information about the child to promote a close relationship between themselves, the educator, and their child. Co-operation and open communication between school based childcare and the education system should promote the all-round development of the child. Based on these beliefs, quality childcare is aimed at offering a child the maximum opportunities to grow and develop to their full potential.

**Know that you leave your little ANGEL in capable hands and that he or she will be loved and cared for as if one of my own.**

We welcome all children between the ages of 6 weeks and 12 years old.

### **General**

The children take part in a structured program and are encouraged to develop to their full potential

Teachers are qualified for the class they teach (each teacher has an assistant)

The children's progress is monitored and it is vitally important that parents heed the teacher's advice. This may be a simple game to be played with the children or a referral to another professional person.

We welcome the following: Paper A4 size printed on one side and any other useful things such as, empty boxes. Egg cartons, spice bottles etc.

It would be greatly appreciated if you could donate your unwanted toys and books.

### **Daily and weekly events**

- All activities are based upon a theme. The children will bring home activities that represent these subjects.
- Art - is for creative expression and to manipulate the fine motor muscles.
- Music, movement and drama - to develop gross motor muscles and confidence, as well as for the development of speech.
- Extra mural activities (fees are payable directly to them per term).
- Baker's man - each mother has a turn to bake or supply "Goodies" for the class on a Friday. Children are required to bring R5.00 every Friday to purchase their treat. The money will go towards upgrading of our education equipment.

### **Birthday parties**

Children are encouraged to share their birthdays with the class, only Lil Angel's children are welcome to attend a class party. Please arrange with the class teacher. We suggest party packs and a birthday cake only.

We welcome you and your little ones to LIL ANGELS and hope that our association will be a long and happy one.
